

Trash-Flow[®]
A Wastecorp Pump Product

TFX

MULTIPURPOSE & COMMERCIAL TRASH PUMPS

WASTECORP.
Pumps[®]

Pump Smarter Not Harder With Wastecorp's Trash-Flow® TFX™ Commercial Pump Products.

The Trash-Flow TFX commercial trash pump product line is designed for most commercial, residential, and industrial applications. Trash-Flow TFX pumps feature a light weight design with capacities to 425 GPM (27 lps). TFX pumps are engineered for dewatering, flood control, clear water, construction sites, swimming pool draining and most multipurpose pumping applications.

Trash-Flow TFX Benefits

- 1 year commercial warranty
- 2 year residential warranty
- Low emissions engines
- Vibration dampening feet
- Cast iron impeller
- Carbon, ceramic mechanical seals
- Worldwide service centers.

Trash-Flow® TFX Features

Premium impellers conquer light debris and waste to reduce clogs.

Your Options Are Endless With The TFX™

More choices to get the pump you need for your application.

Trash-Flow TFX-2™

Residential and General Purpose Applications

- 6.5 HP engine
- 2" (50 mm) inlet and outlet dimension
- 180 GPM capacity (11.4 lps) capacity
- Vertical 28 ft. (8.5 m)
- Height 99 ft. (30.2 m)
- Carbon, ceramic mechanical seal
- Reduced noise
- Low emissions engine

Trash-Flow TFX-3™

Multipurpose and Construction Applications

- 6.5 HP engine
- 3" (76 mm) inlet and outlet dimension
- 264 GPM Capacity (16.7 lps)
- Vertical 28 ft. (8.5 m)
- Height 99 ft. (30.2 m)
- Carbon, ceramic mechanical seal
- **NEW! Electric Start Feature Standard**

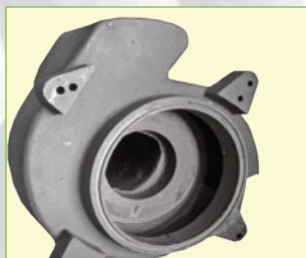

Trash-Flow TFX 4™

Heavy Duty commercial/Industrial applications, flood control

- 8 HP engine
- 4" inlet and outlet dimension (True NPT threads)
- 425 GPM (27 lps)
- Vertical 28 ft. (8.5 m)
- Height 100 ft. (30.2 m)
- Dimensions 26" x 19" x 23"
- Weight: 105 lbs (48 kg)
- Self priming
- Carbon, ceramic mechanical seal
- Vibration dampening feet
- Gas, diesel and electric models available

Maintenance friendly design for easy servicing of pump.

Heavy duty cast iron volute designed for long life cycle pumping.

Automatic start feature now standard on all TFX-3 engine driven models.

ELECTRIC AND CART STYLE TRASH PUMPS

TFX™ Electric

Where electric power is available the TFX-EC is your pumping answer.

Trash-Flow TFX-EC 2™

- 2" x 2" 3 HP 3Ph/60Hz/460V Electric
- Cast iron volute
- Cast iron impeller
- Silicon carbide mechanical seal

Trash-Flow TFX-EC 3™

- 3" x 3" 3 HP or 5 HP, 3Ph/60Hz/460V Electric
- Cast iron volute
- Cast iron impeller
- Silicon carbide mechanical seal

Trash-Flow TFX-EC 4™

- 4" x 4" 5 HP 3Ph/60Hz/460V Electric Pump
- Cast iron volute
- Cast iron impeller
- Silicon carbide mechanical seal

TFX-EC pumps are available with an optional light weight roll cage.

WHEEL KIT OPTIONS

Diesel

Gas

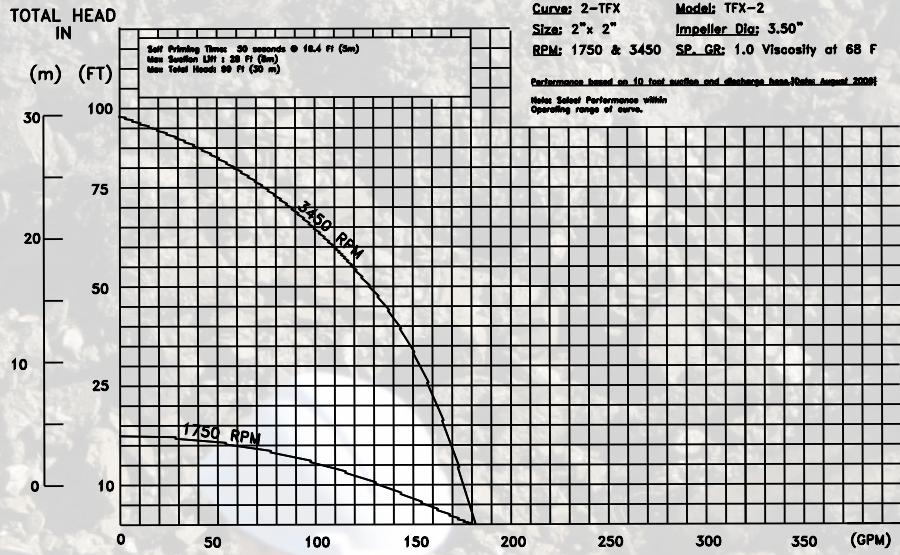

TFX™ Wheel Kit

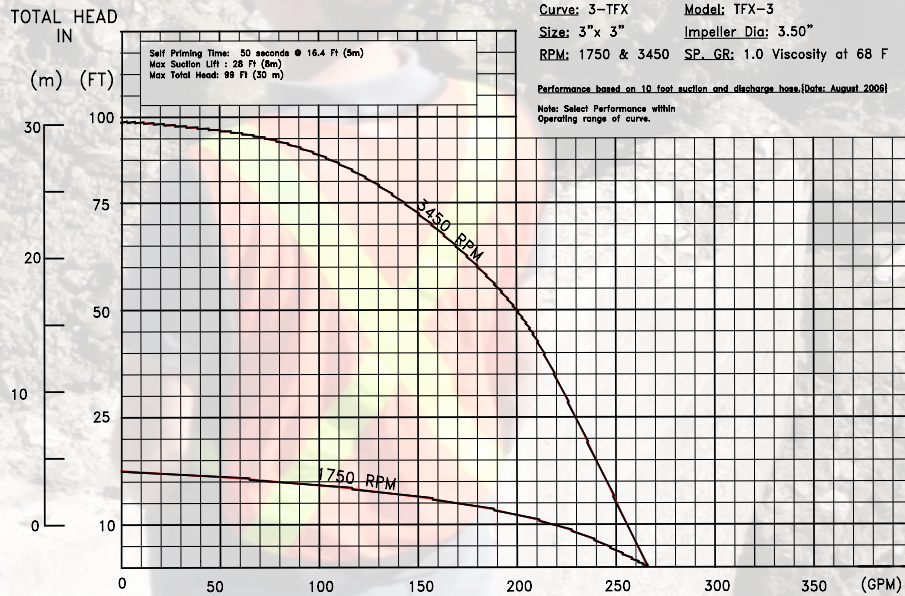

All engine driven pump models are available with Wastecorp's heavy duty wheel kit. All wheel kits are designed for easy maneuverability around your work site.

TFX PERFORMANCE CURVES

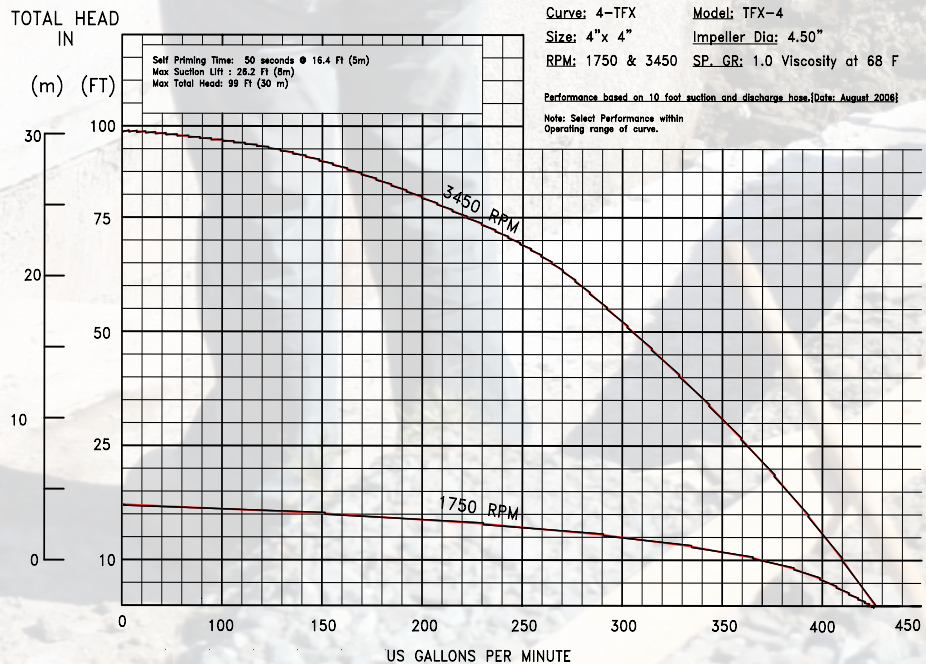

TFX-2 2" Pump

TFX-3 3" Pump

TFX-4 4" Pump

RECOMMENDED ACCESSORIES

Boxed Accessory Assemblies

Wastecorp recommends our genuine TFX accessory kits with the purchase of your new pump. Our assemblies include suction and discharge hoses, 1/8"-12" dia. strainers, male and female couplings and all fittings to begin your job.

These custom boxed assembly kits are specific to your application. Contact wastecorp for more information info@wastecorp.com or 1-888-829-2783

Hoses

A wide selection of suction (green) and discharge hoses are available in standard 25', 50' or 100' lengths. Select from premium brown hoses for debris laden liquids or blue for lighter wastewater or clear water applications.

Strainers

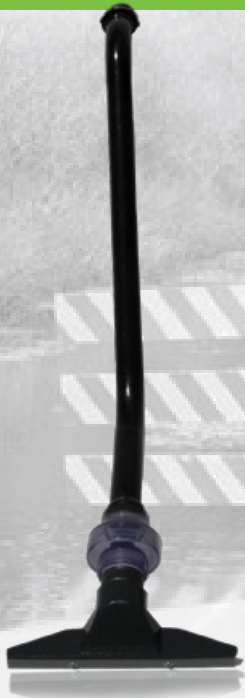

Customize your assembly kit with your choice of pump strainers. Strainers help to prevent debris from entering the pump, while improving overall pump performance. You can select from solids, skimmers, deep draw, fire fighter, pipe strainers, galvanized or hose bar. Wastecorp technical support can help you select the right strainer for your application.

WASTECORP EXCLUSIVE TOOLS

The Gulper™

Always Thirsty for Debris Laden Liquids.

The Gulper general purpose suction tool is ideal for use with any TFX model pump and many other pump makes. The Gulper is a sanitary way to remove water, wastewater and debris from construction sites, swimming pool openings/closings, fishing vessels, recreational boats, marinas, hotel and resort properties and much more. The Gulper's heavy duty construction provides years of service for high demand, high use applications.

Check Valve

The heavy duty check valve prevents back-flow and improves suction for quick and sanitary fluid transfer.

Quick Connect

Connects to 1½"-3" hoses The Gulper connects to most common hose sizes with a quick-connect secure seal. Specify your hose size upon ordering.
